

Come join us at the next RDKB Watershed Webinar:

## Benthic invertebrates and monitoring in BC streams using CABIN, with a Boundary region focus

Ever wonder what **bugs** are living in the **stream** or along the **river** shoreline? How about what **bugs** can tell us about the **health** of our waterways?

**Tuesday, June 22**  
**10:00 – 11:30 am PT**

**Presenters: Stephanie Strachan, Environmental Monitoring Scientist at ECCC (Federal) and Jolene Raggett, Environmental Impact Assessment Biologist at ECCS (Provincial)**
